# INTRODUCTION

DCC is one of Pakistan's leading construction companies with over 3 decades of invaluable experience and expertise in construction and development of civil, steel fabrication and land development works. We carry out all aspects of construction and development projects, from planning to finish.

We recognize the benefits of working as a team – with our clients, partners and supply chain – and we have a vast experience of this approach. In this way we enable our clients to fully benefit from our broad practical experience and the collective knowledge of the professionals and experts in the DCC team.

Our financial and qualitative targets reflect our ambition to exceed the industry norm. In each of our geographic market and segments within Pakistan, we have established what we call 'outperform targets'.

Our vision is to become the leading construction service provider in Pakistan and reach out to International markets and become a globally recognized and trusted entity. To reach this goal we strive to be the best bidder and to deliver the highest standard of quality.

## CEO Message

At DCC, we believe that an ethical approach is the core value of our organization that goes right to the heart of everything we stand for. Ethical values are evident in every interaction with our employees, customers, suppliers and members of the public. Our business model is to integrate our core disciplines to deliver better project solutions across the chosen market areas.

We champion diverse talents, skills and backgrounds at DCC. Working together, we make a positive difference and continue to make sure that every project is the envy of the Country. Whether it

is the construction of a high rise building to multiple residential villas, a state of the art bridge connecting two ends or the lengthy webs of roads, power generation projects to the iconic structures such as the Bahria Sector – C Jamia Mosque, DCC uses the latest ideas, skills and equipment to deliver the best solutions possible.

We believe in building long lasting business relationships with our clients and at DCC, each and every client is important. Our relationships are built on trust and integrity, providing the best services and delivering nothing but excellence. I am proud of the dedicated and ambitious team of professionals at DCC and would like to thank our clients for putting their trust in us and would ensure them that we at DCC, shall continue to 'outperform targets' and deliver par excellence quality and solutions.

### PERFORMANCE CERTIFICATE

We are pleased to certify that M/S Dascon Construction Company has been working with us since October, 2016 and their workmanship, professionalism and execution of work has been found excellent.

I extend my sincere thanks to M/S Dascon Construction Company for the completion of Structure works (9-Story Building) of Peshawar General Hospital, Hayatabad Peshawar including excavation and construction of 4-basements. Construction of such a magnificent project could not be easily accomplished without the sophisticated network of organization, quality control and a dedication to excellent results.

It would be an honor for me to mention that the overall performance of M/S Dascon Construction Company during the Construction period has been up to our standard and engineering practices. We highly recommend M/S Dascon Construction Company for onward projects.

Yours Sincerely,

Muhammad Shafiq Khan

## TO WHOM IT MAY CONCERN

This is certified that M/S. DASCON (PVT) LTD., Lahore, were awarded contract of "Construction of Sheraton Hotel & Towers" at Tufail Road, Lahore Cantt., by us on competitive tender price of Rs. 23 Crores (Civil work only), in 1990. They completed substantial work of the project when the work had to be suspended by us due to unavoidable reasons and circumstances beyond our control.

The contractor's (M/S. DASCON (PVT) LTD.) performance and progress of work at the project was found always satisfactory and upto the mark.

The contractor mobilised most modern construction equipment to execute the project. Major plant and equipment installed at site by the contractor was as under:-

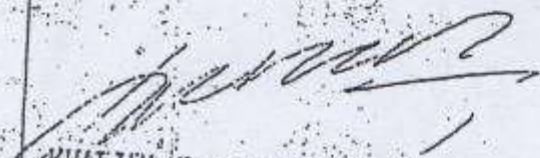

- |  |                |
|--|----------------|
| 1. Tower Cranes (150 M Boom)                     | = 2 Nos.       |
| 2. Concrete Batching Plant (35 M3 capacity)      | = 1 No.        |
| 3. PECO Concrete Mixers (Double load)            | = 3 Nos.       |
| 4. Tubular Scaffolding.                          | = 200,000 Rft. |
| 5. Steel Shuttering Plates.                      | = 100,000 Sft. |
| 6. System Scaffolding (Box & Jacks) pipe frames. | = 50,000 Sft.  |

There was a lot of other normal construction tools & plant at site. Their monthly production/progress at site amounted upto Rs. 50 Lacs.

The quality of concrete produced by the contractor was extremely good which was approved and appreciated by the Architect as well as by the Structural Engineer of the project. The contractor performed most faithfully without any cause of dispute with us.

The contractors have sound Financial and Administrative Establishment and are fully able to execute work of any size and quantum.

We strongly recommend them for construction work of high quality and large magnitude.
